A combo for all your devices

Enjoy a seamless work-and-play experience with **Encourage**, our high-performance wireless keyboard and mouse combo. Its dual-mode connectivity lets you easily switch between a stable 2.4GHz connection and the versatility of multipoint Bluetooth®, allowing you to pair up to four devices at once (one via USB and three via Bluetooth®) and toggle between them instantly—no re-pairing required.

The keyboard, featuring a Latin American Spanish layout, delivers a comfortable, quiet, and precise typing experience, with 16 multimedia shortcuts to control music, video, email, and more. Its ultra-slim, minimalist design blends perfectly with any modern workspace, while the built-in on/off switch helps extend battery life.

Designed for those who value practicality, versatility, and uninterrupted workflow, this combo is the perfect tool to take your productivity to the next level.

Highlights

- **Advanced dual-mode wireless connectivity**
Easily switch between a stable 2.4GHz connection and versatile multipoint Bluetooth® for a seamless, wire-free experience.
- **Multi-device pairing with quick switching**
Connect up to four devices at once—one via the 2.4GHz USB receiver and up to three via Bluetooth®—and toggle between them instantly, without re-pairing.
- **Latin American Spanish layout**
Designed specifically for Spanish-speaking users in Latin America, with all characters and accents intuitively placed.
- **Quiet, responsive keyboard with multimedia shortcuts**
Enjoy smooth, silent typing with up to 16 multimedia and hotkeys to manage email, music, video, volume, and more.
- **Energy-saving switch**
The keyboard features a built-in on/off switch to maximize battery life.
