You work smart, move fast, and manage multiple screens like a pro—your gear should keep up.

Our premium wireless keyboard and mouse duo is built for the pace of today's multitasking professional, delivering the comfort and flexibility you need to power through back-to-back meetings or late-night presentations.

The contoured keyboard with split layout and built-in palm rest supports a natural posture, keeping your wrists relaxed—even during long hours of spreadsheet sessions. Pair up to three devices and switch between them instantly at the press of a button. Whether you're using Bluetooth® or 2.4GHz wireless, this duo adapts to your workflow in seconds.

Responsive, whisper-quiet keys and a seven-button mouse with on-the-fly DPI adjustment give you seamless control without breaking your focus. Plus, it's plug & play, includes batteries, and is ready to go—no hubs, no hassle.

Comfort, connectivity, and control—optimized for how you work today.

Highlights

- Ultra-ergonomic design**
The split-layout keyboard with contoured shape and built-in palm rest helps reduce wrist and forearm strain, promoting a more natural posture for long-lasting comfort. The ergonomically designed mouse provides a secure, comfortable grip that minimizes fatigue—even during extended sessions.
- Dual-mode wireless connectivity**
Easily switch between Bluetooth® and 2.4GHz wireless for broad compatibility and a seamless cable-free experience.
- Latin American Spanish layout**
Specifically designed for Spanish-speaking users in Latin America, with intuitive placement of characters and accent marks.
- Power-saving switch**
Both keyboard and mouse feature on/off switches to help maximize battery life.
- Multi-device pairing with quick switching**
Connect up to three devices simultaneously (one via 2.4GHz USB wireless receiver and two via Bluetooth® 4.0/5.0) and switch between them instantly with the mode button—no need to re-pair or change adapters.*
- 7-button optical mouse with adjustable DPI**
Adjust sensitivity up to 1600DPI for more precise control across different surfaces.
- Silent, responsive keyboard with multimedia shortcuts**
Enjoy smooth, quiet typing with 12 hotkeys to control email, music, volume, and more.
- Hassle-free Plug & Play**
Just plug in the nano USB receiver and start working. Includes long-lasting AA batteries from a trusted brand so you're ready to go out of the box.

* Each BT profile (4.0 or 5.0) can be linked to only one device at a time. Pairing a new device will overwrite the previous connection. Make sure the previously linked device is disconnected before starting a new pairing. The new device must be powered on, within wireless range (approx. 10 m), and have Bluetooth® enabled.
