Amazingly powerful

Enjoy the thrilling sound of the Nitro portable wireless speaker at home, in the yard, by the pool, or anywhere you go to chill or party. Its lightweight and ultra-compact design makes it easy to slip it into a pocket or backpack, or even carry it comfortably in the palm of your hand. It features TWS (True Wireless Stereo) technology to spread your music all around through two identical Nitro units connected simultaneously, with a total power output of 6 watts. Its 2000mAh built-in lithium battery allows for up to 20 hours of playtime on a single charge. It also features a sturdy construction complemented with the IPX7 waterproof resistance allowing submersion in water up to 3 ft for 30 minutes.

Enjoy your favorite tunes and get inspired by the immortal adventures of your favorite mutant heroes. Don't just listen to music - pump up the volume, let yourself go and join the fight!

Highlights

- Portable speaker with Bluetooth® wireless technology and TWS capability, designed to stream audio wirelessly through two identical units simultaneously, at a distance of up to 98.4 ft **
- 2000mAh built-in rechargeable battery offers up to 20 hours of playback time on a single charge*
- Meets the protection IPX7 against water penetration to a depth of one meter (3.28 ft) for 30 minutes
- Outstanding output power through a powerful 50mm full range driver for exceptional sound quality
- Ensures superb bass effects through its passive bass radiator
- Features a built-in microphone, for hands-free conversations
- Compact design complemented by a sturdy aluminum grille, soft rubberized housing, and a convenient string for easy transport

Technical specifications

Device	
Type	Portable wireless speaker compatible with Bluetooth®
Maximum power output (rated RMS)	6W
DC input	5V/1A
Power consumption on Standby mode (watts)	Less than 0.55W
Buttons	Power On/Off, Pause/Play, Vol.- /Previous track and Vol.+ /Next track
Drivers	
Driver unit	50mm full range driver
Passive radiator	1 unit
Frequency	130Hz-150kHz
Impedance	4Ω
Sensitivity	75dB
Signal to noise ratio	71db
THD	1%
Microphone	
Directivity	Omnidirectional
Frequency	50Hz-18kHz
Impedance	2.2Kohms
Sensitivity	-42dB
Connectivity	
Connection type	Bluetooth® V5.0
Wireless RF frequency	2.4Ghz
Wireless range	Up to 98.4 ft **
Battery	
Type	Lithium-ion battery 18650
Charging capacity	2000mAh
Charging time	3 to 4 hours
Run time	20 hours at 50% volume, 9 hours at max. volume*
Standby time	more than 100 hours
Charging method	Micro USB cable
Specifications	
Dimensions	3.8 x 1.5 x 3 in
Weight	7 oz
Cable length	4 ft
Highlighted features	
IPX rate	IPX7 waterproof
Special feature	True Wireless Stereo (TWS) capability
Others	Supports A2DP and AVRCP
Warranty	One year

* Depending on the volume level and type of music file being played.

** Range estimate is based on an area free and clear of obstacles and interference, and within the line-of-sight between Bluetooth® V5.0 devices
