Wireless keyboard and mouse duo

Smartly complement your digital way of life

This sleek ultra slim keyboard and mouse duo perfectly combines wireless freedom with the latest wireless technology. Ultimate connectivity is achieved through its ultra-compact 2.4 GHz dongle that virtually has no lag or interference. The multimedia keyboard features highly responsive controls, along with 12 special function keys, for one-touch access to movies, music, slides presentations, games, or the world wide web. The companion mouse, armed with a high definition sensor, delivers flawless tracking on virtually any surface. The ambidextrous design of the mouse allows you to use it in either hand, while its smart power saving function greatly extends battery life. Superb features, style and performance come together in this fully functional desktop duo.

Features

- Low profile design for an uncluttered desk surface. Hot keys for instant web and e-mail access
- Alternate multimedia functions are accessible through the Fn key
- Waterproof design protects the keyboard from accidental spills
- Ambidextrous design allows you to use the mouse comfortably in either hand
- Ergonomic scroll wheel for enhanced navigation control
