

Magnetic Mount
For MagSafe®-compatible phones and cases, or phones with magnetic adapters

PowerCar Dock

15W Magnetic Wireless Car Charger & 360° Mount

Vacuum Suction Cup Base

Quick install and removal on desks, dashboards, or windshields

Tilt & Swivel Design

Adjustable viewing angle (360° rotation / 180° tilt)

A magnet of energy for every journey

Drive with style and technology with the PowerCar Dock by KlipXtreme. Its magnetic base keeps your smartphone firmly in place, even on the toughest roads, while the 15W wireless fast charge powers your devices with strength and speed. Thanks to its vacuum suction base and ratchet-style lock mechanism, you can mount it easily on the dashboard or windshield without leaving any marks. Plus, its dual-joint arm offers 360° rotation and 180° tilt adjustment, so you always get the best view of the road ahead.

Highlights

- **Up to 15W Wireless Fast Charging:** Delivers powerful, high-speed wireless charging for compatible smartphones.¹
- **Compatible with magnetic phones,** MagSafe®-enabled cases, and phones with magnetic adapters.
- **Vacuum suction cup base** adheres securely to dashboards and windshields—even on textured or uneven surfaces.
- **Strong magnetic pad** holds your smartphone firmly in place, even on bumpy roads, sharp turns, and at high speeds.²
- **Quick ratchet-lock mechanism:** twist to attach or detach instantly, with no residue or damage.
- **Dual ball-joint arm rotates 360°** and tilts 180° for easy angle adjustment.
- **USB Type-C® connection** provides faster, more efficient power delivery.
- **Includes stick-on magnetic ring** for secure vertical attachment of non-magnetic phones.³

Specifications

General	
Product type	360° 15W Magnetic Wireless Phone Charger/Holder with suction cup
Wired input (QC/PD)	DC 5V/1A, 7.5V/1A, 9V/1.12A, 12V/1.25A
Wireless output	5W / 7.5W / 10W / 15W
iPhone® output	7.5W max.
Output working frequency	15W
Mechanism	Ratchet locking mechanism to secure or release the mount, with a dual ball-joint arm for angle adjustment.
Tilt	180°
Swivel	360°
Charging transmission distance	0.12 to 0.31 inches
Connector type	USB-C®
Operating temperature	32°F to 100°F
Storage temperature	-4°F to 140°F
Relative humidity	35 to 85% RH
MagSafe® compatibility	Supported
Physical	
Material	ABS
Color	Black
Dimensions	2.91 x 2.36 inches
Weight	3.49 oz
Cable length	3.3 ft, USB-A to USB-C®
Additional Information	
Package content	Magnetic wireless phone charger/holder ² , USB cable, magnetic ring ³ , QIG
Warranty	1-year limited warranty

1. To enable wireless fast charging, a QC 2.0/3.0 car adapter (minimum 1.8 A) is required (adapter not included). Charging performance may vary by phone brand and model. Supports 7.5W fast charging for iPhone® and other Quick Charge-compatible smartphones, and standard 5W charging for other smartphones.

2. Works only with smartphones that support magnetic wireless charging. Non-magnetic phones may not attach securely when tilted and should be used in a flat position. To enable tilt with a non-magnetic device, use the included stick-on magnetic ring.

3. Works best with phones without a case or with slim cases.
