

BoomFire

Loudspeaker system with FLAME LED light and compatible with Bluetooth®

Fire up any party with this portable speaker featuring multicolor flame LED lights. Really easy to carry, the BoomFire system is equipped with two 4-inch subwoofer/full range drivers, capable of delivering 1,200 watts of power. It comes with a wired microphone and a built-in battery that provides up to 8 hours of continuous music and fun with the lights on, and up to 16 hours with the lights off. It pairs with virtually any Bluetooth®-enabled device to stream music wirelessly up to 33 feet away from smartphones, tablets, laptops or any other compatible audio source. The molded housing is strong and includes two microphone inputs, lighted volume, mic gain knobs, and an integrated handle for easy transport. By combining a convenient LED display and lively lighting with bold, powerful sound, this party speaker will surely make every occasion a memorable one!

Highlights

- 1,200 watts of maximum power output
