USB + microSD™ Playback

Remote Control included

Convertible Tower / Horizontal Design

1 year limited **warranty**

Bluetooth® 5.4 Compatible

Two ways to set the stage.
Flip the setup. Keep the vibe.

Set the stage. Steal the show.

Some speakers play music. StageBlaster puts on a show. Its convertible tower-or-horizontal design lets you set the vibe your way, while dual woofers, punchy bass, and dynamic LED lighting turn any space into party central. Grab the included wireless karaoke mic, plug in a guitar, or take command with the remote's built-in sound effects, recording, and vocal controls. With up to 15 hours of battery life and wireless freedom via Bluetooth® 5.4, StageBlaster is always ready for backyard jams, karaoke nights, beach hangouts, and every unforgettable moment in between.

Highlights

- **Set it your way**
  Switch between vertical tower mode and horizontal mode to match your space, your style, and your vibe.
- **Double the bass. Double the energy.**
  Dual 6.5-in woofers, a dedicated tweeter, and Bass Boost deliver deep lows, clear highs, and room-filling sound that hits hard.
- **Play longer, party louder**
  Keep the vibe going with up to 15 hours of playtime, so your soundtrack lasts long after sunset.[2]
- **Take center stage**
  The included premium wireless karaoke microphone lets you sing, host, and hype the crowd—with built-in controls for volume, echo, bass, treble, and voice effects.
- **Plug in and jam**
  Connect a wired mic or plug in a guitar for live sessions, karaoke duets, or spontaneous jam nights.[1]
- **Command the show**
  Control tracks, lights, recording, vocal settings, and fun crowd sound FX right from the included remote.
- **Lights that move with the moment**
  Choose from 6 dynamic multicolor LED effects—or switch them off to keep things low-key and extend battery life.
- **Double the sound**
  Pair two StageBlaster speakers wirelessly with True Wireless Stereo for bigger, wider stereo sound.[3]
- **Play your way**
  Stream via Bluetooth®, or connect through USB, AUX, or microSD™—your playlist, your rules.

Specifications

Audio	
Speaker configuration	2 × 6.5-in woofers + 1 × 1.5-in tweeter
Bass enhancement	Bass Boost mode
Rated output power	140W
Frequency response	65 Hz–18 kHz
