

Duotrak

Dual mode wireless mouse

KMB-501BK

Premium battery included

KMB-501WH

Dual connectivity to suit your needs

Enjoy the flexibility of using your computer, laptop, or tablet anywhere with this dual mode wireless mouse that provides connection via Bluetooth® and 2.4GHz. It can work on two devices, connecting one device via Bluetooth® and the other via the 2.4GHz USB receiver by simply changing the switch. Bluetooth® mode works with Windows/Android™/Mac operating systems. It's easy to pair, connect and does not occupy any USB port. 2.4GHz mode works with laptops, desktops, or any device with USB port, simply plug in the USB receiver, connect, and use directly. The Duotrak not only offers versatile connectivity but is immensely comfortable with its ergonomic lines that make your hand and wrist feel in a natural position. Suitable for use anywhere, it is the perfect tool to complement your digital gear.

*Must be used with a device with Bluetooth® compatible connection or with a Bluetooth® adapter (not included).

**Bluetooth® mode and 2.4GHz mode cannot be used simultaneously.

Highlights

- Bluetooth® does not occupy any USB port
- 2.4GHz compatible with any laptop, desktop, or any device
- Dual mode connection via Bluetooth® v5.0, v4.0 or 2.4GHz that deliver excellent wireless connection and save battery life
