Magnetic Articulating Phone Mount

Lock In. Twist it. Flex it. Ride Free.

Meet your new road-trip essential. This magnetic phone mount is built for your fast-paced life—whether you're cruising to class, hitting the gym, or chasing sunsets. Just snap your phone in place and go. The rock-solid vacuum base and ultra-strong grip keeps it steady on every sharp turn, bump, and adventure. The tri-axis swivel arm gives you total freedom to tilt, rotate, or extend your view—so your screen's always right where you need it. No wobble, no hassle. It folds down small, pops up fast, and sticks like a pro.

So, snap it on, lock it in, and you're road-ready in seconds. Fold it down when you're done. Simple, smart, and made for the ride.

You're always on the move—now your phone is too.

Highlights

- **Vacuum suction cup base** adheres securely to dashboards and windshields—even on textured or uneven surfaces.
- **Tri-axis swivel arm** offers 360° rotation and 180° tilt for a fully adjustable viewing angle. Extend or retract the arm for upright or lay-flat positioning.
- **Quick ratchet-lock mechanism:** twist to attach or detach instantly, with no residue or damage.
- **Compatible with magnetic phones and cases**, and phones with magnetic adapters.
- **Strong magnetic pad** holds your smartphone firmly in place, even on bumpy roads, sharp turns, and at high speeds.*
- **Heavy-duty zinc alloy arm:** lightweight, rugged, and built to last.
- **Includes stick-on magnetic ring** for secure vertical attachment of non-magnetic phones.**
- **Compact and foldable** for easy storage and portability.

* Works only with magnetic phones and cases. Non-magnetic phones may not attach securely when tilted and should be used in a flat position. To enable tilt with a non-magnetic device, use the included stick-on magnetic ring.

** Works best with phones without a case or with slim cases.
