Keep this mouse in your pocket if you want. The **SlimSurfer** is a light and ultra-portable device that you can store anywhere. It covers what you mostly need from a mouse, and then some: versatile resolution, high optical precision, four buttons and a design for both lefties and righties. Its nano USB receiver can be stored inside the mouse. Its wireless range goes up to 33 feet without losing precision or speed. The **SlimSurfer** is perfect to combine functionality and affordability.

Highlights

- Wireless 4-button optical mouse with comfortable ergonomic design.
- Silent mouse with 90% less noise than traditional input devices.
- 2.4 GHz technology with an effective range of up to 33 ft.
