configuration

If you spend long hours in front of a computer, comfort is crucial. Klip's new ErgoLast wireless mouse has an ultra-ergonomic design to keep your hand in a natural and comfortable position for as long as you want. Equipped with 6 buttons and adjustable resolution, this mouse has a built-in, rechargeable battery that, depending on use, may last for up to 30 days*. So, no more buying batteries, a plus for a convenient and portable piece of technology.

Highlights

- Wireless 6-button mouse with ergonomic design for remarkable comfort.
- It promotes a more natural hand, wrist and forearm position reducing physical strain.
- Rechargeable built-in battery. No need to buy disposable batteries.
- On/off switch and power saving mode to have the battery last longer.
- Adjustable 800/1200/1600 dpi resolution.
- HD optical sensor for high precision.
- It features a compact dongle that can be stored in the bottom of the mouse or left connected to your computer for maximum portability.
- Plug and play configuration.
- Compatible with Microsoft Windows® and macOS®.
