Pack smarter. Travel lighter. Live freer.

Meet the backpack that's always one step ahead. The Airlift was designed for the fast-paced world of business travel. It adapts seamlessly from boardroom to boarding gate to move as fast as you do.

Pack smarter and save valuable space by compressing your clothes with the included portable air pump for quick trips and long-haul flights. Breeze through security with a TSA-approved lock to keep your tech safe, and keep your devices charged mid-flight with the built-in USB connector. Water resistant, carry-on ready, and convertible from backpack to briefcase in seconds, this backpack keeps you moving with confidence from the terminal to the tarmac.

The Airlift isn't just a bag; it's your all-access pass to stress-free, lightweight travel experience, the ultimate companion for today's frequent flyer.

Highlights

- 2-in-1 design with portable air pump: switch between backpack and briefcase style.
- Tailored to your tech: Fits laptops up to 15.6, protected in a padded, secure sleeve.
- Space-saving vacuum-seal compartment with portable rechargeable air pump: Save space by compressing your clothes and pack more without overstuffing or sacrificing essentials, perfect for both long trips and daily commutes.
- Superior organization: Three zippered main compartments including multiple pockets for impeccable organization
- Expandable design: instantly expand the front compartment to fit all your travel needs for spontaneous adventures. Keep everything snug with support straps and adjustable buckles.
- Portable rechargeable pump: compact, USB-C® powered, and always ready to maximize your packing space.
- TSA-approved 3-digit lock: breeze through airport checks while keeping your laptop compartment safe.
- Waterproof zippers & water-repellent fabric: stay worry-free when the weather turns against you.
- Built-in USB connector: charge your devices on the go with your own power bank, no outlets needed.
- Anti-theft rear pocket: keep passports, wallets, or other valuables safe and out of reach.
- Quick-access front pockets: grab your essentials without unpacking your whole bag.
- All-day comfort: padded back panel and suspension shoulder straps reduce strain on long hauls.
- Carry-on ready: fits overhead bins and easily slides onto suitcase handles for smooth travel.
