

PowerCell Apex

100W 50,000mAh
Portable power bank

Power your day. Anywhere you go.

Let's face it—running out of battery feels like hitting a dead end. But with this portable powerhouse, you'll never have to worry about staying connected. Compact, lightweight, and packed with enough energy to charge your laptop twice or your phone up to twelve times, it's the ultimate backup you didn't know you needed.

With five ports, including super-fast USB-C® options, you can charge all your devices simultaneously. And when it's time to recharge the power bank? It's ready to go in just 3.5 hours—twice as fast as usual.

You're covered with advanced safety features and a built-in cooling system, so you can charge with peace of mind. The real-time LED display keeps you in control, and the integrated LED light—with normal and SOS modes—is ready for any situation.

Whether it's a long commute, a busy workday, or an adventure off the grid, this power bank is your all-in-one solution to stay powered up and ahead of the game.

Highlights

- Three fast charging USB-C® ports: One two-way port (input & output, PD 100W max.) and two output-only ports (PD 20W max.)¹
- Two USB-A output ports (18W max.)¹
- Fully charge your laptop twice or provide up to twelve full charges for your smartphone.³
- This power bank recharges in 3.5 h via USB-C®, twice the standard speed.⁴
- Advanced safety: 8-mode smart multiprotection system and integrated cooling unit for optimal heat dissipation.
- LED display: Shows battery status and level in real time.
- Integrated LED light with normal lighting and SOS signal modes.
- Charge five devices simultaneously.
- Universal compatibility.
- Compact and portable: Features a rubber handle band for easy carrying.

1. Maximum rated output power. Actual per port output varies depending on the device and how many ports are in use.

2. Compatible with laptops and other devices requiring up to 100W PD.

3. Depending on the battery capacity and charging technology of each connected device. This value is based on laptops with a 20,000mAh battery or smartphones with a 3,200mAh battery. Actual charging power and speed may also vary depending on how many ports are in use simultaneously.

4. Requires a minimum 15V, 3A power output adapter. For optimal charging power and speed, use a 45W-65W adapter or higher. The charging time using a 65W power adapter is 3.5 h. Power adapter not included.

POWER ALLOCATION SCENARIOS

Technical specifications

General information	
Product type	100W 50,000mAh Power Bank
Battery capacity	50,000mAh/3.7V/185Wh
Input	
USB Type-C® 1 input	PD 100W (DC 5V/3A, 9V/3A, 12V/3A, 15V/3A, 20V/5A)
Charging time with Type-C 1 input	3:30 h (using a 65W power adapter) ⁴
Output	
Number of charging outputs	5 ports (3 x USB-C PD + 2x USB-A)
Type-C1 output	5V/3A, 9V/3A, 12V/3A, 15V/3A, 20V/5A (PD 100W)
Type-C2 output	5V/3A/ 9V/2.22A, 12V/1.67A (PD 20W)
Type-C3 output	5V/3A/ 9V/2.22A, 12V/1.67A (PD 20W)
USB-A1/A2 output	5V/2.4A, 9V/2A, 12V/1.5A (18W max)
Type-C1 + Type-C2 output	22.5W max. + 100W max. (122.5W max.)
Type-C1 + Type-C2 + Type-C3 output	C1 (65W) + C2 (20W) + C3(20W). Total: 105W max.
Maximum wattage when all ports are connected	(C1 65W) + (C2+A1 20W) + (C3+A2 20W) Total: 105W max.
C2+A1	24W shared (5V/4.8A)
C3+A2	24W shared (5V/4.8A)
Physical appearance	
Housing material	PC+ABS
Charging cable specs	23.6-inch 3A USB-C to USB-C fast charging cable
Product dimensions	5.70 x 3.30 x 3.30 in
Product weight	2.62 lb.
Additional information	
Special features	<ul style="list-style-type: none"> • Pass-through capability. • 8-mode smart multiprotection system (overcharge voltage protection, overcharge release voltage protection, over-discharge voltage protection, over-discharge release voltage protection, over-discharge current protection, short-circuit current protection, overcharge current protection, battery charging forbidden voltage). • LED display with battery level meter (%) and indicators for input/output modes and fast charging in progress. • LED light with normal lighting and SOS signal modes. • Power switch (to turn on/off the device and/or the LED light). • Cooling fan and grill for heat dissipation. • Rubber handle band
Box content	Power Bank, USB-C® to USB-C charging cable
Standards/Certifications	NOM
Operating temperature	32 — 95 °F
Storage temperature	14 — 140 °F
Relative humidity	20 — 90%
Warranty	One year

KPB-900
