Great entertainment within your reach

Indulge yourself watching the latest seasons of your favorite TV shows with the Harmonium 2.0 soundbar that streams 100 watts of exceptional audio so key scenes feel real and you can hear every dialogue. It is the ideal solution when you want to enjoy an unbeatable audio experience. Listen to the best sound and feel part of movie scenes, love concerts as if you were in the first row, live the adrenaline of the best sports competitions, or be the center of your videogame. Connect it to the HDMI® (ARC) port, take advantage of the included digital optical cable to get the best sound, or use other connection options like the 3.5mm auxiliary port (Aux. cable included). In addition, get rid of cables with Bluetooth® v5.0 that delivers long range. The Harmonium soundbar enables you to select equalizer preset modes to customize the audio according to the content in your streaming platforms without leaving the couch by using the included remote control. Our soundbar will become a decorative and functional element with its sleek design, practical tabletop and wall mounting options. Transform your home entertainment with fabulous sound without taking up much space.

Highlights

- 32-inch 2.0 channel soundbar with a modern and space-saving design, which delivers high quality audio from wired or wireless devices
- 100 watts of total power output through two powerful 2-inch drivers and two passive radiators
- Two full range 2in drivers and a passive bass booster tube deliver deep bass
- Optical digital input and auxiliary 3.5mm jack with cables included
- HDMI® (ARC) connection to watch visual content in a large screen
- Bluetooth® v5.0 functionality to stream music wirelessly from compatible devices within a range of up to 33 feet
- LED display showcases the selected mode
- Desktop or wall mount design for versatile configuration
- Remote control with EQ sound profiles
