Outstanding sound with just a touch

The Touchbuds TWS earbuds offer full size earpieces – comfortable yet lightweight enough for a burden-free audio experience on your ears. An innovative ergonomic design helps the earbuds stay in place providing an all-around snug fit, helping produce crystal clear audio while delivering immersive sound quality. For convenient control, Smart Touch technology adjusts your audio settings with a single touch right from the earbuds or go fully hands-free thanks to the Google and Siri voice activation compatibility. A built-in HD microphone transmits clear audio. The hard case features a useful battery charge life indicator to know exactly how much power is left. The Touchbuds Bluetooth® 5.0 chip provides a stable connection with no signal loss or music dropout. One step auto-pairing technology helps the earbuds connect automatically to the paired device when removed from the charging case. Water and sweat resistant IPX3 design suitable for the most intense trainings. A completely different audio experience with a variety of colors to suit your lifestyle.

Highlights

- True wireless stereo (TWS) earbuds with smart touch technology to manage music, calls, and activate the voice assistant with just a tap
- Smart touch design to use the earbuds with a simple tap
- Compatible with Google and Siri voice assistant for true hands-free control with just one touch
- IPX3 water and sweat resistant
- 12 hours of total playback time and approximately 80 hours in standby mode³
- Charging case includes a LED screen to display battery percentage
- Features an HD built-in microphone for taking calls with clear sound quality
- Slim and compact charging case for maximum convenience to carry and charge them anywhere

Technical specifications

Device	
Type	TWS earbuds
Form factor	In ear
Chipset	AB5376
Special features	
IPX	IPX3 water resistant
Touch button	Yes, smart touch
Voice assistant	Siri and Google Voice assistant compatible
Charging case battery LED indicator	Yes
Built-in microphone	Yes
Speaker	
RMS power output	6mW x2
Frequency	20Hz-20kHz
Impedance	32Ω ± 15%
Sensitivity	115±3dB
Microphone	
Form factor	Built in. HD Silicon MIC
Directivity	Omnidirectional
Frequency	50Hz-17kHz
Impedance	400Ω
Sensitivity	-42dB
Volume control	Yes
Connectivity	
Connection type	Bluetooth® v5.0
Profiles supported	A2DP/AVRCP/HFP/HSP
Wireless RF frequency	2.402-2.480GHz
Wireless range	Up to 33ft ¹
Battery	
Single earbud battery	3.7VDC, 28mAh polymer battery
Charging case battery	3.7VDC, 220mAh polymer battery
Charging connection type	Type C charging port
Charging case + earbud charging total time	1.5hr
Earbud only battery charging time	1hr
Charging case only battery charging time	1hr
# of charging case cycles before battery runs out	3 cycles
Earbud only battery runtime	Up to 4 hours (50% volume) ²
Earbuds total run time (including cycles)	Up to 12 hours ³
Battery standby time	About 80hrs
Additional information	
Dimensions (WxH)	Charging case: 1.8x2.1in Earbud: 0.6x1.2in
Weight	1.09oz
Cable length	19.7in
Package contents	Earbuds, charging case, quick installation guide, Type C charging cable

1. Range estimate is based on an area free and clear of obstacles and interference, and within the line of sight between devices.

2. Depending on the volume level and type of music file being played.

3. Battery runtime can last 4 hours per charging cycle (3) for an estimated total of 12 hours combined.
