Engaging conference calls with crisp video and natural audio

Enjoy family gatherings or work conference calls with crystal clear images even in dim light thanks to the 2K QHD video delivered by the CamCom webcam. Place it on the PC monitor or laptop screen. Upgrade your viewing experience with 80-degree field view. Features an HD microphone to support clear conversations for a more natural sound. It is compatible with macOS, Windows and Chrome™ OS operating systems.

Highlights

- 2K QHD image sensor with up to 2560x1440p delivers clear video of your relatives or coworkers
- Features 3.7MP resolution that delivers smooth images allowing you to clearly see and hear others
- Sleek and lightweight for easier handling
- Up to 80-degree field of view to deliver a better viewing experience
- Versatile mounting options: on the PC monitor or laptop screen
- Compatible with Windows, macOS, and Chrome™ OS operating systems, as well as all well-known video and camera applications
- Built-in HD microphone enables clear conversations
- Plug and play configuration for immediate use
- Articulated design that enables to swivel and tilt the webcam
