Transcend Wireless

Wireless ergonomic premium keyboard

Professionally designed to keep up with your highest standards

Enjoy all the benefits this highly ergonomic wireless keyboard has to offer. The keyboard features a split layout and an integrated hand rest, which help to provide natural support for a correct posture, reducing excessive wrist pronation so you can write comfortably. Type all day without fatigue, letting your fingers glide across the keys and navigate the web smoothly through the built-in internet hotkeys. With superb features, this keyboard will surely exceed all your professional expectations.

Highlights

- Ergonomic contour design with split key layout minimizes forearm muscle strain
- Integrated hand rest encourages a natural hand and wrist position for maximum comfort during long working sessions
- Built-in scroll wheel for enhanced navigation control
- Low-profile chiclet type keycaps for a comfortable and quiet typing experience
- Internet hotkeys swiftly access your e-mail and other frequently used functions
- 2.4GHz RF wireless technology and On/Off switch for battery saving life
