4-button ergonomic mouse (800, 1200, 1600dpi)

Plug and play configuration

The perfect way to complement your digital universe

Complement your PC or laptop with this sleek and fashionable wireless, keyboard and mouse combo with precision to carry out all your tasks. Make the most of your desktop space thanks to a slim and compact size design. Exceed your expectations and cut down work time by taking advantage of the 12 multimedia and fast access keys to shortcut frequently used functions, folders, and applications. The accompanying 4-button wireless mouse features an ambidextrous design that allows you to use it comfortably in either hand. Just plug and play the nano USB receiver, and you are all set to start typing and browsing.

- Highlights**
- Low profile design for an uncluttered desk surface
 - Flat island-style low-profile keycaps allow increased typing accuracy and speed
 - 12 multimedia keys and shortcuts keys for instant access to internet functions and music, among others
 - Low battery indicator so you can learn in advance when you need to replace the batteries
 - 4-button ergonomic mouse with adjustable DPI providing a highly responsive cursor control
 - Ambidextrous design makes the mouse suitable for right and left-handed users
